### AGENDA

- **Welcome and introduction.** Ivan Zavadsky, GWP CEE Chairman.
- **The impact of war on water resources and infrastructure.** Ganna Trokhymenko, National University of Shipbuilding, Mykolaiv, Ukraine.
- **Wastewater treatment and nature-based solutions – opportunity for a green and climate friendly transition.** Darja Istenič, University of Ljubljana, Slovenia.
- **Water Community for Ukraine – cooperation for the future.** Anastasiia Chernova, Primoz Skrt, GWP CEE.

Welcome to the webinar hosted by the **Water Community for Ukraine**, powered by the **IWRM Action Hub**. Together, we're shaping a better future for Ukraine by addressing pressing issues in the water sector and beyond. In the face of the challenges posed by climate change and the devastating impacts of war in Ukraine, the community provides an online environment for effective discussions, knowledge sharing, and collaboration to rebuild the water sector in a more innovative and sustainable way.

**Join us and engage with experts, policymakers, NGOs, and citizens to drive positive change. Let's rebuild, drop by drop, Ukraine's water sector for resilience, prosperity, and common future.**
